

Single-family residential conservation rates*

Using less water conserves natural resources and helps you manage your water bill.

Tier 1
First 5 CCF
\$2.4890 per CCF

Tier 2
The next 7 CCF
\$2.6134 per CCF

Tier 3
Over 12 CCF
\$2.7441 per CCF

*SUEZ has three rate blocks (or tiers). The cost increases as water use moves into Tier 2 and Tier 3. The most water-efficient homes (in the lower tiers) pay the lowest rates. 1 CCF (or 100 cubic feet) = 748 gallons.

\$100
REBATES

Did you know SUEZ offers rebates of \$100 to customers who install water efficient devices like WaterSense labeled toilets and ENERGY STAR® certified washing machines?

We support sustainability

We champion innovative programs that preserve the environment for future generations.

Our conservation rebate program helps you save when you replace outdated fixtures with new water-efficient devices. Water-efficient devices can save you money and help preserve our rivers, bays, and lakes. Water conservation also has a ripple effect on energy demand. It reduces the amount of energy used to treat, pump, and heat water. Lower energy demand helps curtail air pollution. Together, we can save water, energy and keep our environment healthy.

New Conservation Rates

Learn how to save water and lower your bill

Rates applicable for customers living in Rye, Rye Brook, and Port Chester (Westchester Rate District 2).

How is my water bill calculated?[†]

Conservation rates encourage customers to use water more efficiently. The example below illustrates how the amount of water you use can affect how much you pay.

WATER SAVING HOME

	WATER USE	RATE PER CCF	COST
 Tier 1	5 CCF (3,740 gallons)	\$2.4890	\$12.45
Total	5 CCF		\$12.45

HIGH WATER USE HOME

	WATER USE	RATE PER CCF	COST
 Tier 1	5 CCF (3,740 gallons)	\$2.4890	\$12.45
 Tier 2	7 CCF (5,236 gallons)	\$2.6134	\$18.29
 Tier 3	1 CCF (748 gallons)	\$2.7441	\$2.74
Total	13 CCF		\$33.48

Note: Represents cost of actual volume of water used. 1 CCF (or 100 cubic feet) = 748 gallons. Does not include other NY State Public Service Commission-approved charges and surcharges. These rates and billing changes were set and approved by the NY State Public Service Commission and are effective February 1, 2021 through January 31, 2022.

Different rates apply for multi-family and commercial customers.

[†]For illustrative purposes. Single-family residential consumption charges only.

Saving Water Starts at Home

At SUEZ we recognize water is a precious, limited resource, and we encourage you to use water wisely. We have many recommendations that will not only lower your bill but help protect our water resources.

Replace outdated fixtures with new, highly efficient WaterSense labeled toilets and showerheads.

Monitor your water bill for unusually high use. Your bill and water meter are tools that can help you discover leaks. Register your account on [MySUEZWater.com](https://www.mysuezwater.com) to track your water usage over time.

Run your clothes washer and dishwasher only when they're full.

Use a smart irrigation controller so you only water your yard when necessary. More plants die from over-watering than from under-watering.
